

Julia M. Rohrer

julia.rohrer@posteo.de

Education

- 2019 Doctor rerum naturalium, Leipzig University
- 2016 MSc Psychology, Leipzig University
- 2014 BSc Psychology, Leipzig University

Professional positions & research visits

- October 2024 - present Akademische Assistentin at the Department of Psychology, Leipzig University.
- May 2024 - September 2024 Vertretungsprofessur Psychology Methodenlehre W2 (temporary professorship, Psychological Methods) at the Department of Psychology, Leipzig University
- June 2022 - July 2023 Maternal leave.
- October 2020 - May 2022 Akademische Assistentin at the Department of Psychology, Leipzig University.
- July 2019 - September 2020 Maternal leave.
- 2016-2019 Fellow of the International Max Planck Research School on the Life Course, Max Planck Institute for Human Development (Berlin) with affiliation to the German Institute for Economic Research (DIW, Berlin).
- 2017 3-month research visit, Institute for Social Research, University of Michigan
- 2013 - 2016 Teaching & research assistant at the Leipzig University (statistics, personality psychology) and at the University of Mainz (personality psychology)
- 2016 2.5-month research visit, Personality & Well-Being Lab, Department of Psychology, Michigan State University
- 2013 1.5-month research internship, German Socio-Economic Panel Study, DIW Berlin

Peer-reviewed publications

-   Botzet, L. J., [Rohrer, J.M.](#), Penke, L., & Arslan, R. C. (2025). No average treatment effect and low heterogeneity of hormonal contraceptive use on women's well-being. Registered Report Stage 2. *Peer-reviewed & recommended by Peer Community In: Registered Reports*.

Conference contributions

- 2025 Chaired symposium: Improving inference about individual differences across designs. Talk: [Improving inferences about personality development with new approaches to the age-period-cohort problem](#). DPPD 2025.
Talk: [Teaching research methods with causal graphs](#), Applied Causal Graphs Workshop 2025.
- 2024 Chaired symposium: Less Wrong: Better Modeling for Better Inferences.
Talk: [Does it Matter Whether Anyone Likes Mondays?](#) 21st European Conference on Personality.
- 2023 Talk: Die Effekte von Zufriedenheit mit Lebensbereichen auf die allgemeine Lebenszufriedenheit, Meeting of the Personality Division of the German Association for Psychology (DPPD).
- 2021 Keynote: [Tackling the Elephant in the Room: Better Science Needs Better Causal Inference](#), Conference of the Association for Interdisciplinary Meta-Research and Open Science (AIMOS).
Discussant: [Correcting Historical Errors](#), Conference of the Association for Interdisciplinary Meta-Research and Open Science (AIMOS).
Talk: [Making Sense of Interindividual Differences in Intraindividual Well-Being Associations](#), Meeting of the Personality Division of the German Association for Psychology (DPPD).
Discussant: [Panel "How may we actually DO better science?"](#), Meeting of the Personality Division of the German Association for Psychology (DPPD).
- 2018 Talk: [Successfully Striving for Happiness](#), 19th European Conference on Personality.
Talk: Stolpersteine der automatischen Textanalyse – [Pitfalls of Automated Text Analysis](#), Conference of the Center for Quantitative Empirical Social Sciences (QuanteL) at the Leipzig University.
- 2017 Chaired symposium: Pursuing Happiness. Old Questions, New Answers, Methodological Innovations. Talk: [Socially-Embedded Strategies Predict Positive Changes in Life Satisfaction](#), Meeting of the Personality Division of the German Association for Psychology (DPPD).
Poster: [Shifting Priorities. Age Changes in the Associations Between Domain Satisfaction and General Life Satisfaction](#), Conference of the Association for Research in Personality.

- 2016 Talk: [The Observer's Perspective on Personality Maturation](#), 50. Congress of the German Association for Psychology.
- Poster: [In Your Eyes Only? Discrepancies and Agreement Between Self- and Peer-Reports of Personality from Age 14 to 29](#), 18th European Conference on Personality.
- 2015 Talk: [Worries and Personality. Results from the Analysis of Free Text Answers](#), Meeting of the Personality Division of the German Association for Psychology (DPPD).
- 2014 Poster: [Birth Order Effects on Personality](#), 17th European Conference on Personality.

Invited talks & workshops

- 2025 Invited talk: [Trust the process? \(Causal\) mediation analysis](#), Ludwig Maximilian University of Munich, Munich.
- Invited talk: [Thinking more clearly about correlations and causation with causal graphs](#), Ben-Gurion University of the Negev, Beersheba.
- Invited talk: Models as prediction machines: [How to convert confusing coefficients with *marginaleffects*](#), Laboratory for Computation & Language in Minds & Brains, Stanford University.
- Invited talk: [Making rigorous causal inference more mainstream](#), Causal Inference Interest Group, Centre for Longitudinal Studies, UCL, London.
- Invited talk: [Thinking clearly about correlations and causation](#), Meet the Experts, Linz School of Education, Linz.
- Invited talk: [Everything is causal inference \(and causal inference is all the same\)](#), IMPRS LIFE Seminar, Max Planck Institute for Human Development, Berlin.
- Invited talk: [Thinking more clearly about correlations and causation with the help of causal graphs](#), Institutskolloquium, University of Wuppertal, Wuppertal.
- Invited workshop: [Trust the process? \(Causal\) mediation analysis](#), University of Wuppertal, Wuppertal.
- Invited talk: [How can we make rigorous causal inference more mainstream?](#), EuroCIM 2025, Ghent.
- Invited talk: [Causal inference based on observational data \(or really any type of data\)](#), Department of Public Health and Primary Care, Ghent University, Ghent.
- Invited talk: [Thinking clearly about correlations and causation with the help of causal graphs](#), research seminar series at Oxford Brookes, Oxford.
- Invited talk: [Causal inference based on observational data \(or really any type of data\)](#), Cognition Academy, Max Planck Institute for Cognitive and Brain Sciences, Leipzig.
- Invited talk: [Clarifying correlation and causation in intergroup contact research](#), Contact Colloquium of the International Contact Research Network.

Invited talk: [Everything is causal inference](#), Data Science Brown Bag Series at the Hertie School of Governance, Berlin.

Invited talk: [Causal inference for the experimentalist \(and everybody else\)](#), Experimental Organization Science (EOS) Masterclass.

Invited talk: [Thinking clearly about age, period, and cohort effects](#), Research Colloquium Analytical Sociology, Ludwig Maximilian University of Munich, Munich.

2024 Invited talk: [\(How\) Do siblings shape our personalities?](#) IMPRS LIFE Seminar, Max Planck Institute for Human Development, Berlin.

Invited talk: [Large parts of psychological research are not even unreplicable](#), Kick-off meeting of the Incubator for Collaborative and Transparent Economic Sciences (Lab²), Wissenschaftszentrum Berlin für Sozialforschung, Berlin.

Webinar contribution: [Causal graphs as a simple yet effective reasoning tool](#), Causality, evidence and policy in behavioural research, Behavioural Research UK (BR-UK), University of Edinburgh.

Invited talk: [Causal confusions lead to casual conclusions](#), Berlin Epidemiological Methods Colloquium, Charité, Berlin.

Workshop contribution: [Causal graphs in psychology](#), 1st Berlin Applied Causal Graphs Workshop, Hertie School, Berlin.

Invited talk: [Directed acyclic graphs as a tool to reason about causality](#), Seminar Series in Quantitative Life Sciences and Medicine, McGill University, Montreal.

Invited talk: [Everything is causal inference \(and causal inference is all the same\)](#), Academy of the Max Planck School of Cognition, Leipzig.

Invited talk: [Yes, but what's your estimand? Transparent analysis goals as a precondition for meaningful research](#), Open Science Initiative, Universität zu Lübeck.

Invited talk: [Thinking clearly about causation and correlation with directed acyclic graphs](#), Advanced Methods Seminar, Princeton.

2023 Invited talk: [Less casual causal inference for experiments and longitudinal data](#), Research talks series of the Department of Communication, University of Vienna.

Invited talk: [Causal Inference or: How to get the elephant in the room through the eye of the needle](#), Community of Advanced Methodological Learning, Caregie Mellon University.

Invited talk: [Korrelation impliziert keine Kausalität – aber was ist mit längsschnittlichen Korrelationen?](#) Methodenkompetenzzentrum, TU Chemnitz.

Invited talk: [Causal inference for the experimentalist \(and everybody else\)](#), Department Colloquium of Comparative Cultural Psychology, Max Planck Institute for Evolutionary Anthropology.

2022 Keynote talk: [“Yes, but what's your estimand?” – Improving Science Through Increased Research Goal Transparency](#), CIDER Spring Workshop, Leibniz Institute for Research and Information in Education.

Invited talk: [“Yes, but what’s your estimand?” – Improving Science Through Increased Research Goal Transparency](#), Jacobs/CIFAR Workshop “Causal Inference from Longitudinal Data.”

Invited talk: [Graphical Causal Models for Fun and Profit](#), Academy of the Max Planck School of Cognition, Berlin.

Invited talk: [“Yes, but what’s your estimand?” – Improving Science Through Increased Research Goal Transparency](#), Research seminar KU Leuven.

Invited talk: [The Only Thing that can Stop Bad Causal Inference is Good Causal Inference](#), Organizational Behavior & Human Resource Management, Justus-Liebig Universität Gießen.

2021 Invited talk: [Graphical Causal Models as a Reasoning Tool](#), Academy of the Max Planck School of Cognition, Berlin.

Invited talk: [Bessere Wissenschaft braucht bessere Kausalinferenz](#), Herbsttagung AG Dank, Gesellschaft für Klassifikation (Data Science Society)

Invited seminar session: [Open Science – Introduction](#), MSc Sport and Exercise Psychology, Leipzig University.

Invited talk and panel discussion: [Open Science](#), Internationales Netzwerktreffen der DAAD-Fachlektor*innen

Invited talk: [The Loss-of-Confidence Project](#), Max Planck Digital Library Open Science Days.

Keynote: [Less Casual Causal Inference](#), international workshop “From Data to Causes”, Methods Group Berlin, Humboldt University Berlin.

Invited talk: [The Loss-of-Confidence Project](#), ReproducibilityTea Journal Club LMU.

Invited talk: [Not Even Unreplicable: Vague Questions & Pseudo-Heterogeneity](#), UNSW Business School, UNSW Sydney.

Invited talk: [Cool Things You \(Probably\) Didn’t Know You Needed: Graphical Causal Models](#), Experimental Psychology Seminar, University College London.

Invited talk: [Made a Huge Mistake — What now? Fostering a Culture of Second Chance](#), MeWell Community Zürich.

Invited talk: [Cool Things You \(Probably\) Didn’t Know You Needed: Graphical Causal Models](#), Melbourne School of Psychological Science Colloquium.

Invited talk: [Less Casual Causal Inference](#), Quantitative Psychology Brown Bag, University of California Davis.

Invited talk: [Less Casual Causal Inference](#), Advanced Methods Seminar, Princeton.

Invited talk: [Less Casual Causal Inference](#), Chinese Open Science Network.

2020 Invited talk: [A Walk in the Garden of Forking Paths](#), RIOT Science Club.

Webinar: [Thinking Clearly about Correlation and Causation](#), APA Division 34 webinar series.

- Invited colloquium talk: [Dealing with Researcher Degrees of Freedom in Data Analysis](#), Uni Erfurt.
- 2019 Keynote: [Tackling Bias with Preregistration and Registered Reports](#), Open Science Kick-off, Max Planck Institute for Human Cognitive and Brain Sciences, Leipzig.
- Invited colloquium talk: Wissenschaft in der Vertrauenskrise: Open Science als Schritt hin zu verlässlicher Forschung – [Science in the Credibility Crisis: Open Science as a Step Towards Reliable Research](#), Faculty of Sport Science, Leipzig University.
- Keynote: [The Magnificent Seven Years of Replication Crisis in Psychology: Lessons to Learn for Other Social Sciences](#), Open Social Science Conference, Mannheim.
- 2018 Invited colloquium talk: [A Walk Through the Garden of Forking Paths](#), TU Dresden.
- Invited colloquium talk: [Shifting Priorities: Age Differences in the Correlates of Well-Being](#), University of Tilburg.
- Invited colloquium talk: [Interindividual Differences in the Correlates of Global Life Satisfaction](#), University of Bristol.
- Invited talk: [Open Science – An Overview](#), Open Science Hardware Symposium at the Technical University of Munich.
- 2017 Invited talk: [Tackling Deep-Rooted Problems of Psychological Research](#), Workshop on Research Methods in Social Sciences and Business, University of New South Wales, Sydney.
- Keynote: [How to Fix a Scientific Culture](#), European Conference on Python in Science, Erlangen.
- Workshop given: [Stats crash course for journalism students](#), part of a data journalism course at the University of Mainz.
- Invited colloquium talk: [Shifting priorities – The Impact of Domain Satisfaction on Life Satisfaction Across the Life Course](#), University of Basel.

Teaching

- **Personality psychology**, bachelor course, Leipzig University SS21 and SS22
- **Psychological assessment and test theory**, bachelor course, Leipzig University WS 21/22 and WS 24/25
- **Test design**, master course, Leipzig University WS20/21, WS21/22, WS 23/24 and WS 24/25
- **Introduction to research methods**, bachelor course, Leipzig University WS22/23
- **Statistics II**, bachelor course, Leipzig University, SS 24
- Multivariate statistics, evaluation and research methods, master course, Leipzig University SS 24

Non-scientific audience

Media presence My research and Open Science engagement have been covered by a number of media outlets, among others 3sat, ABC, arte, BBC, Deutschlandfunk, Deutschlandradio, Frankfurter Allgemeine Zeitung, Huffington Post, Le Monde, MDR,

NBC, NDR, NPR: Science Friday, Neue Zürcher Zeitung, Psychology Today, Radioeins, Spektrum, Süddeutsche Zeitung, SWR, The Guardian, The New York Times, Time Magazine, Vox.com, ZDF, Zeit online, Zeit Wissen.

Podcast
appearances
